*The Brewer's Apprentice, Inc. is a "Brew-on-Premises" business, where you can brew all-natural fresh beer. How it works is simple: sign up, pay up, show up and, after a few weeks, bottle up and drink up! Find a recipe from the ~200 formulas in house that stimulates the inner brewmaster in you, or create your own unique hand-crafted beer. Lagers, Pilsners & Dry Beers, Ales & Stouts - so many choices, so little time. After allowing the beer to ferment for two weeks, we'll return to the Brewer's Apprentice where we get the chance to operate heavy machinery. That's right, it's beer-o-matic time, where we bottle up our brews in manly 22-oz. bottles, create our own custom designed labels, slap em' on, pack up, and head home to show off and drink our best efforts. Hope you can join us on March 11<sup>th</sup>.*
